Gainesville Daily Sun

VOL. XXIII, NO. 140 GAINESVILLE, FLORIDA, SATURDAY, JULY 21, 1906 TEN CENTS A WEEK

LADY CURZON FALLS BEFORE GRIM REAPER

Was Wife of Former Viceroy of India.

WAS MISS LEITER OF CHICAGO.

She Had Never Recovered Fully from Illness of 1904, and the Recent Hot Weather Brought on Attack of General Debility.

London, July 20.—Lady Curzon, wife of the former viceroy of India, who has been ill for some days, died at 6:40 o'clock Wednesday evening. She never quite recovered from her serious illness at Walmer Castle, Kent, in 1904, and the recent hot weather brought on a pronounced attack of general debility. Lady Curzon was Miss Leiter, daughter of the late Levi Z. Leiter, of Chicago.

Worth $3,000,000 in Own Right.

Chicago, July 20.—Lady Curzon was in her own right the possessor of $3,

LADY CURZON.

000,000. The family moved to Washington and later went abroad, where they entertained lavishly. While abroad Miss Leiter met Lord Curzon, son of the fourth baron of Scredale. They were married in 1895, after Curzon had held the office of assistant private secretary to the Marquis of Salisbury, under secretary of state for India and under secretary of state for foreign affairs.

In 1898 Curzon was created first Baron Curzon of Kedelton, and in 1899 was appointed viceroy and governor-general of India, which post he resigned in August, 1905, and was succeeded by the Earl of Minto.

Lady Curzon leaves two daughters.

It was announced at the Curzon residence that the final cause of Lady Curzon's death was heart failure, but she had been suffering from complications which were the sequel of her terrible illness of two years ago.

The funeral, the date of which has not yet been fixed, will take place at Kedleston.

Simla, India, July 20.—The news of the death of Lady Curzon, of Kedleston, wife of the former viceroy of India, caused a great shock here and from all parts of India come expressions of keen sorrow. Her splendid work in behalf of the natives, especially the women, endeared her to all the natives.

Missions Are Consolidated.

Buffalo, N. Y., July 20.—A committee representing the Methodist Episcopal church, the Methodist church of Canada and the Methodist Episcopal church, South, met here and unanimously adopted a resolution declaring the missions in Japan, which have heretofore been supported by the three separate churches be consolidated. The union is to be effected in May, 1907, at a general conference to be held in Japan.

Two Killed in Pistol Duel.

Louisville, Ga., July 20.—Reports have reached here of a shooting affray at Gough, Ga., 15 miles from here, in Burke county, in which Ephriam Murphy is said to have engaged in a pistol duel with a man named Powell. Both are reported dead.

MUTE MANIAC KILLS WOMEN.

Keeper Also Fatally Stabbed With an Amputating Knife.

Scranton, Pa., July 20.—A terrible tragedy was perpetrated in the Hillside home Wednesday afternoon, when one insane patient killed two of the inmates and mortally wounded one of the keepers.

The murderer is Ignatz Krowzyp, a deaf and dumb Pole, who was given work in one of the wards with two women, also insane patients, Mrs. Ann Golden and "Missouri" Ann Van Valen. The three were moving some cots under the direction of Keeper Richard Davies, who left the room momentarily.

Seizing the opportunity afforded by the keeper's absence, the insane man ran into the doctor's office and there picked up an amputating knife, and then ran upstairs to the upper floor. Keeper Davies ran after Krowzyp and the latter turned upon him and buried the knife in the keeper's chest. He then attacked the two women. He stabbed Mrs. Golden in the chest twice and then stabbed Mrs. Van Valen once. Floyd Beemer, the son of the superintendent, knocked the knife out of Krowzyp's hands. Both women died soon afterward.

Krowzyp is 35 years of age, and was one of the most powerful inmates of the institution.

After the deed was committed he jabbered in a vehement manner and no sign of emotion could be obtained from him. He is now a raving maniac.

Davies is not expected to live.

Big Bond Issue Is Made.

Nashville, Tenn., July 20.—At a meeting of the stockholders of the Nashville Railway and Light company, held here, the issuance of $15,000,000 5 per cent bonds was authorized. Of this amount $7,500,000 will be marketed at once, $6,000,000 of the proceeds to be used in retiring old securities and $1,500,000 for improvements and extension of the plant. A committee was appointed to investigate and report on the proposition for a holding company for what are known as the Newman properties, the plants in Nashville, Birmingham, Memphis, Little Rock, New Orleans, Knoxville and Houston. The committee's report is expected this week.

Dunbar Wins Mayor's Chair.

Augusta, Ga., July 20.—W. M. Dunbar defeated W. B. Young for the mayoralty nomination in the city white primary by 503 votes. The result was a surprise even to the Dunbar faction, which had not expected so great a majority. Young carried only the second ward, the others going for Dunbar by majorities ranging from 16 to 315. There was no contest for council save in one ward, the second, where E. L. Johnson defeated H. H. Walton by 21 votes. The successful mayoralty candidate is father of Speaker Pro Tem Dunbar of the legislature.

Boy Shoots Little Girl.

Waynesboro, Ga., July 20.—About 9 o'clock Wednesday morning Sarah, the little 7-year-old daughter of Mr. and Mrs. T. J. Hurst, was accidentally shot by Tom Bull, a young white boy employed at the stables of C. W. Hurst. He was shooting around the stables when the little girl with some of her companions were passing, a bullet striking her in the temple. Sarah was carried to the hospital in Augusta for treatment. The boy was fined by the mayor for shooting in the city limits.

Man Is Killed by Idiot.

Fort Myers, Fla., July 20.—Robert Carson, a well known young white man, was shot in the head and mortally wounded here by Newton Edwards, a half-witted white man. Edwards was in the house of Mrs. Ellen Welch, and saw Carson waiting outside, shooting him without warning. It is believed Edwards mistook Carson for another young man who he had warned not to visit Mrs. Welch. Carson still lives, but there is small hope of recovery.

Booth, Pioneer, Dead.

Oakland, Calif., July 20.—Lorin A. Booth, a pioneer of 1849, one of the original incorporators with Huntington, Crocker and Stanford, of Central Pacific railway, died here on Wednesday, aged 86.

EARTHQUAKE SHOCKS IN NEW MEXICO

Great Damage Wrought at Socorro, New Mexico.

2,000 PEOPLE CAMP IN TENTS

Earthquake Shocks Have Been Felt Every Hour Since July 2—Provisions Growing Scarce—Real Distress Is Feared.

Albuquerque, N. M., July 21.—Refugees in large numbers are arriving in the city from Socorro, N. M., where great damage has been wrought by a succession of destructive earthquakes since July 2.

In that time not an hour has passed without one or more quakes.

The center of disturbance is a zone 30 miles long by about 10 miles wide, running from the Ladrone mountains southeast through Socorro, San Antonio and San Marcial. This side of the belt the shocks have been hardly felt. Each one of the shocks is preceded by a loud rumbling like heavy thunder, which can be heard approaching from the northwest before it reaches Socorro.

Senor Paca, of Socorro until recently district attorney, is in the city with his family. He says that people are leaving on every train and those who cannot leave on trains are leaving by wagons.

About 2,000 people are camping out in tents and no one dares to go indoors.

Practically every residence and business block in the town has been irreparably damaged.

There has been much distress among the people who are camping in the open, as heavy rains have fallen in the last two days, one being the heaviest for fifty years.

Most of the people are going to El Paso, although many are going to Albuquerque and Santa Fe.

The shocks generally occur as short, sharp jerks, the ground seeming to slip violently. It is believed that the adjustment of rock strata in the rugged Ladrones and Magdalena mountains is he cause of the continued shocks.

Provisions are growing scarce and real distress is feared among the refugees.

"The noise and the quakes are frightful," said Mrs. J. J. Leeson, a refugee from Socorro. "I have experienced earthquakes in Los Angeles and San Francisco, but never anything as terrible as these prolonged jerkings of the earth at Socorro. Water placed in a bowl will show continuous vibrations between the greater shocks, showing that the earth is never still. Not a house in town is safe to enter, and the chimneys and walls topple with each recurring tremor."

Armistice in Effect.

Guatemala City, Guatemala, Wednesday, July 18.—The armistice arranged between the armies of Guatemala and Salvador and the latter's ally Honduras, as a result of the humane and highly appreciated intervention of Presidents Diaz and Roosevelt, went into effect at 5 o'clock this morning. The belligerents have appointed commissioners who will go on board the United States cruiser Marblehead and will draw up and sign a treaty of peace on the high seas.

Lawyer Is Released.

New York, July 20.—Burton W. Gibson, the lawyer who was committed to the Tombs prison in default of $25,000 bail to await the action of the grand jury, in connection with the murder of Mrs. Alice D. Kinnan, appeared before Justice Blanchard on a writ of habeas corpus and was discharged from custody. The district attorney's office made no opposition to the argument of Gibson's counsel, that Gibson's commitment was illegal.

Root Enthusiastically Received.

Washington, July 20.—Official dispatches received by the Brazilian embassy say that Secretary Root was enthusiastically received at Para, Brazil, by the authorities and people.

SENATOR CLAY BOOSTS BRYAN.

Says It Looks Like Nebraskan for President.

Atlanta, Ga., July 20.—Senator Clay, while at the capitol Wednesday, stated that at present it looks as if Bryan will be the democratic nominee for president in 1908.

He stated that many things could happen in two years and political conditions are constantly arising which call for different action. He added that when a great party like the democratic party, nominates a man for president, it must be one able to cope with conditions and circumstances as they are. And according to his way of sizing up affairs it looks at present as if the Nebraskan will be the person.

The junior senator from Georgia is looking well, and called at the state house to shake hands with his friends. He is now resting on his farm near Marietta after a strenuous term in the last congress.

Walter Ormond Falls Overboard.

New York, July 20.—That Walter E. Ormond, a lawyer of Atlanta, Ga., fell overboard and was drowned from the steamer Kansas City, while enroute from Savannah, Ga., to this city, became known today when the steamer arrived. The drowning happened on Wednesday while the Kansas City was coming up the coast. Mr. Ormond was on his way to New York in company with Harvey Hill, Mr. Lott and Mr. Brown. He occupied a stateroom in company with Mr. Hill, who reported to the officers of the steamship company Thursday that Ormond left their stateroom about midnight, saying he was going on deck to obtain relief from the heat. Nothing was seen of him afterward. Mr. Hill said he believed Ormond had fallen asleep while sitting on the rail and had accidentally fallen overboard. His absence was not discovered until several hours later.

Recommends Death Sentence.

London, July 20.—A dispatch to a news agency from St. Petersburg says the report of the commission appointed to inquire into the circumstances attending the surrender of Port Arthur, recommends that Lieutenant Stoessels, the former commander of the fortress, be sentenced to death and that General Frock, who commanded the Fourth East Siberian division at Port Arthur, be condemned to twenty years in the galleys. It is added that the commission considers that General Reuss should be expelled from the army and that Admiral Alexieff, former viceroy in the Far East, should be reprimanded.

League Convention Adjourns.

Buffalo, N. Y., July 20.—The fifteenth annual convention of the Walther League of the German Lutheran church, which has been in session here for several days, adjourned Wednesday night. One of the most important subjects considered is the Amalgamation of the English Societies with those of the German churches. The committee has reported in favor of asking the English societies to unite with the Walther League, but when the matter reached a vote it was decided to hold it over for another year.

Chinese Students Arrive.

Cambridge, Mass., July 20.—Thirty-eight Chinese students, who have come to the United States to be educated at the expense of the Chinese government, arrived here Wednesday and will be registered at the Harvard summer school. All the students are from the northern provinces of China and were sent here by the northern viceroy, Yuan Shih Hai. Of the forty who originally started, one was taken sick at Shanghai, and another was detained at Seattle, suspected of having a disease of the eyes.

A. B. Farnham Kills Self.

Evergreen, Ala., July 20.—A. B. Farnham, prominent in this section of Alabama, met a tragic death Wednesday. He had been confined to his home by illness for some days, and the report of a gun drew his family to his room. Mr. Farnham was found lying with the contents of one barrel of a shotgun in his stomach. It is believed that he went to the closet to get the gun to commit suicide, and that it was accidentally discharged.

KELLEY BILL PASSES BY VOTE OF 152 TO 4

Election of Railroad Commissioners by People Provided.

BILL TRANSMITTED TO SENATE

In Explaining the Bill Mr. Kelley Stated that It Was Not Intended in Any Sense as of Political Significance.

Atlanta, July 20.—By the largest vote recorded at the present session of the house of representatives, the bill of Mr. Kelley, of Glascock, to make the state railroad commissioners elected by direct vote of the people, was passed by a vote of 152 to 4.

Under the terms of the bill a successor to Commissioner Joseph M. Brown, whose term expires Oct. 15th, 1907, will be elected by the people at the general election to be held in October, 1906, a second commissioner will be elected in October, 1908, to succeed the commissioner whose term expires October 15, 1909, and at the election to be held in October, 1910, the third commissioner will be elected to succeed the incumbent, whose term expires October 15, 1911.

The terms of office of the commissioners will remain as they now are, six years each.

Those voting against the bill were Ashley, of Lowndes; Hill of Dooly, Perry, of Hall, and Wright, of Floyd.

Dr. T. M. Kelley, of Glascock, the author of the bill, made the following statement with regard to the bill:

"The measure was intended in no sense as one of political significance. Nor is it aimed at any of the present railroad commissioners. It was proposed in deference to the growing sentiment of the people of the state that these officers should be elected by the people.

"I have the highest respect for each of the five candidates now running for governor, but the bill was not drawn and advocated by me in the interest of any of these candidates."

The bill was immediately transmitted to the senate.

Dynamite Explosion Plays Havoc.

San Francisco, July 20.—A terrible explosion of dynamite which placed just where it would create the greatest havoc, completely wrecked the engine room and hoisting plant at the quarry of the Berkeley Rock company at Broadway and Second avenue in Oakland, just before the employes returned to work after lunch Wednesday. Frederickk Hoffman, superintendent of the quarry, was so seriously injured internally that it is feared he cannot live. Hoffman was hurled out of the engine room by the concussion and the building, which housed the machinery of the quarry, was demolished. Joseph Rosenberg, president and general manager of the company, declares he believes the dynamiting to have been either the work of some one interested in seeing the company forced to discontinue work, or of some discharged employe.

Agreement Terminates Sept. 1.

San Francisco, July 20.—Notice has been received by the Pacific Coast agents of several of the large eastern rubber tire factories, organized as the Tire Association, that the agreement which existed among the companies regulating the output and prices of pneumatic rubber tubes will terminate Sept. 1 next. This notification practically means that after the date mentioned the manufacturers and sellers of automobile tires will fix their individual prices.

London Tailor Finishes Work.

New York, July 20.—George B. Winter, the London tailor who came to the United States to improve the patterns of the uniforms of Uncle Sam's soldiers, sailed for England on the Oceanic. His work here is finished and it remains for the American tailors and clothing manufacturers to carry out the lessons [illegible]. What [illegible] for [illegible]

AFTER FINE SESSION NORMAL TERM CLOSED

Had a Most Enjoyable, as Well as Instructive, State Session.

A RESOLUTION OF THANKS

To the Faculty and Other People for the Good Treatment and Consideration Students Had Experienced Here, While Attending This School.

After a successful session of six weeks, the State Summer Normal School which was ordered by the State Department of Education has closed in this city.

The Normal, which was under direction of a competent force headed by Dr. Yocum of Lake City as principal, has accomplished some fine work among the teachers, who represented every section of the State. Both Dr. Yocum and his faculty, who were specially selected for their ability as teachers, have worked hard, and are rewarded by the advancement and the thanks of the one hundred and thirty-five students who attended the session.

Hon. W. M. Holloway, State Superintendent of Public Instruction, and one of the most prominent educators in the South, has been attending the Normal personally for the past three or four days, having been attracted here by the State examination of the teachers. Prof. Holloway did not come with any fear of the inability of the faculty, but his presence was necessitated on account of the teachers' examinations, and it was a mutual pleasure of himself and the faculty to review the work of the term.

"I feel very much gratified at the work performed by Dr. Yocum and his faithful and competent assistants at this term," Prof. Holloway said, in speaking to a representative of The Sun. "The result of this Normal work evinces careful and cautious preparation, and goes to show that the teachers of Florida are becoming cognizant of the fact that efficiency will be the first consideration of the applicant for teachers' positions in Florida. It is true that the additional practice of kindness and patience will go a long ways—and it will go a long ways in employing teachers when it comes to a 'show down' in connection with efficiency; but we are determined to have good and efficient teachers. There are plenty of them in Florida—as many in proportion, and probably more, than any other State of the Union, and we are going to get them, even if it takes time to do it.

"Considering the length of time in which the public schools of Florida have been in operation, this State has today the finest, most efficient and most uniform public school system in the Union. Many a man at my age can remember when he was a boy how sparsely located the schools were, and there were no public schools either. Our fathers or mothers were compelled to pay for our education, if we got any, and I want to congratulate many of these applicants today, and who will no doubt stand high in examinations, and their examinations were not secured through taxation of the public properties, but through the hard earnings of their parents; and they must have worked hard to have secured the excellent knowledge which they have now possessed.

"I desire also to congratulate the faculty of the Normal. The examination of the teachers who have entered the State contest during the present week evinces careful preparation of teachers but also shows thorough instruction by the faculty. All students have assured me that it was one of the most pleasant and most beneficial, as well as one of the pleasantest and most harmonious sessions they have ever attended—and I believe them, from what I have seen. The personnel of the student body is exceptional, and as a whole is the finest I have ever seen."

Prof. Holloway states that the Normal at Tallahassee, under direction of Prof. Buchholz, has also proved very satisfactory, more than one hundred students being present. Prof. Buchholz was also aided by a very fine corps of teachers, among whom Prof. I. I. Himes of Palatka and others equally as important.

Important Resolutions.

At the conclusion of the session, the teachers passed the following resolutions complimentary to the faculty, Gainesville and its people (except the press, the work of which was gratis):

"Whereas, The time for the expiration of our school is at hand and we must soon disperse to our several homes and our places of duty, we, the students of the Gainesville Summer Normal, deem it not only a great pleasure, but just and proper that we give expression to our feelings and thoughts, and to attempt in some small measure to render thanks unto those to whom we owe so much for the pleasant and profitable weeks we have spent while here; therefore be it

"Resolved, That we tender our hearty thanks to Dr. J. L. Kelley, superintendent, and to the Honorable Board of Public Instruction of Alachua county, for the use of the University High School building with its well furnished and equipped rooms which have accommodated us so efficiently.

"Resolved, That we extend to the good people of this beautiful city our sincere thanks for their kind, generous hospitality, to us during our sojourn in their midst, for we feel they have imbibed some degree of that educational spirit that permeates the very air of the city; and we wish for them much success in the establishing and maintaining the University, feeling that it can but be a success where so much educational spirit is shown.

"Resolved, That we tender our heartfelt gratitude to each and every member of the faculty for having so faithfully and so diligently discharged their duty, and for their earnest efforts to help us to a true conception of the great responsibilities and privileges of our noble calling. May that measure of success they so richly merit be theirs. As long as memory faileth not will we tenderly recall the recollections of these weeks and seek to emulate the lives of these noble men and women who have given their best efforts in our behalf.

"Resolved, We realize that it will be to the best interests of the teachers of the State and to the advancement of the cause of education throughout the State to continue the 'Teachers' Training Schools' under the direct supervision of the State Superintendent.

"Resolved, That we tender to our worthy State Superintendent, Hon. W. M. Holloway, our thanks for his great interest in the upbuilding of the educational status of our loved State, and most especially for having made it possible for us to be thrown under the influence of the true men and women who constituted our faculty, and we hereby pledge to him our earnest, hearty co-operation in his efforts to raise the standard of efficiency in our midst.

A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address *free*, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of.

"The Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

CRANK POISON UNDER HOUSE.

Mrs Nannie Wilson Attempts to Commit Suicide in Birmingham.

Birmingham, Ala., July 20.—Mrs. Nannie Wilson, wife of Frank Wilson, who recently moved to Birmingham from Atlanta, crawled under the house at her home on McMillan street in West End, and attempted to commit suicide by drinking a bottle of carbolic acid. She was discovered in time to prevent the acid doing its deadly work and physicians summoned were able to keep her alive.

At a later hour she was still alive and the physicians hope for her recovery, although she is in a serious condition.

Despondency is supposed to have caused her to make the attempt on her life. She stated to the physicians that she wanted to die. Her husband said that so far as he knew there was no reason why she should be despondent. She was attended by Dr. C. W. Farrar, a medical student, who lives across the street, and Dr. W. S. Gewin, a prominent physician of West End.

Antidotes were used freely as soon as the physicians arrived and the action of the acid was stopped rapidly.

Your Liver

Is out of order. You go to bed in a bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. F——., Ft. Worth, Texas, writes: "Have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household are happy and well, and we owe it to Herbine." Sold by W. M. Johnson.

Ministers Leave for Acajutla.

San Sanvalor, Wednesday, July 18.—9 p. m.—At this moment the American minister, Mr. Merry, accompanied by the commissioners of Salvador, is leaving by an express train for Asajutla. Guatemala's commissioners with the Mexican minister, will board the Marblehead at San Jose. The conferences will take place 9 miles off the coast.

The final fighting Wednesday resulted in the forces of Salvador occupying El Poste Gigante, Clonar, Coyotillo and Las Margaritas all positions in The Guatemalan army was complete Guatemalan territory.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c.

Cannon Killed in McRae.

McRae, Ga., July 20.—Kyle Cannon was shot and instantly killed at East McRae, near this place, by his son-in-law, Julian Allgood. The trouble grew out of a fight the day before between Allgood and a son of Cannon, in which the latter got the worst of it. Cannon leaves a family, and Allgood had married his daughter only a few months ago. Allgood is in jail here.

CASTORIA
For Infants and Children.

COMMISSIONERS REDUCE ASSESSMENTS

The Assessments the Coming Year Will be Only For Two Funds.

EXPENSES GREATLY REDUCED

The County Is in Fine Financial Condition, and Can Take Care of All Funds Except Road and School for the Coming Year.

The county commissioners of Alachua county had their adjourned meeting, in compliance with the order of the regular meeting of the month, on Friday, with the result that a great benefit has accrued to the property holders of the county as regards taxes.

The members which represent the best element of the county when it comes to financial affairs, met to equalize the taxes of the county, and they were determined to make the assessment "man to man" when it came to charging the people of the county for privileges to live.

After a long session of the board, which was meeting from early morning to late in the afternoon, there were many changes in assessments. The commissioners discovered that they could save the citizens, taxpayers of Alachua county, many thousands of dollars in their assessments, and in consequence cut off every levy except the road fund, four mills, and the school fund, seven mills.

This is the first time in the history of the Board of County Commissioners of Alachua county when the general fund, which means the general expenses, has been eliminated, which means that the people in the county are in better condition today than ever. The present board deserves and will have the credit for this reduction.

The remainder of the session was spent in equalizing taxes.

TROUBLE AT WINDSOR

John Williams Was Arrested for Obtaining Money Falsely.

Deputy Sheriff L. F. Story has arrested in this city John Williams, a negro man who was charged with embezzlement by G. A. Byles of Windsor, a merchant, and obtaining goods and money under false pretense. From the best information that can be secured, it appears that Williams secured a lot of groceries and other supplies from Mr. Byles, as well as some money that he secured on a check which was not good, and left for parts supposedly unknown. Mr. Byles, however, ascertained that he was in Gainesville, and notified Officer Story, who came here and had no difficulty in locating the man.

Williams was taken to Rochelle, where on Friday he was arraigned in Justice Zetrouer's court. The result is not yet learned, but if Williams is guilty of what he is charged with he will be convicted of from three to six months.

A Big Shipment on ..the Road..

It is MATTING this time. Our Mr. J. K. Abrams visited the Baltimore and New York markets last week, and while there he bought heavily of Mattings and Rugs. He writes: "Get rid of all Matting possible—big shipment on the road."

To Reduce Our Stock

We will sell any Matting in the house at

W. C. T. U ENTERTAINMENT.

Auditorium Was Crowded Friday Night to Witness Exercises.

The W. C. T. U. entertainment at the auditorium of the University High School Friday night was a decided success, and resulted in a good thing, financially.

The program was well arranged, and comprised a number of vocal and instrumental selections, which were highly appreciated by those who were there.

It would be an injustice, one to the other, to make any special mention, but the program was carried out in the following manner:

Piano Duet—Misses Ethel Durst and Edith Baguley.

Trio, "Sweet Clover"—Misses Ethel Butler, Gossie Scarborough and Mabel Avera.

Violin and Piano Duet—Misses Rubie and Bernice DeLand.

Recitation, "Dixie"—Samuel Mixson, followed by song "Dixie," sung by a chorus of six young ladies.

"A True Story"—Told by May Kirby.

Reading—Rubie DeLand.

Duet—Misses Mattie May Williams and Myrtle Fennell.

Chorus, "We Are Coming," and drill by twelve young ladies.

Recitation—Mattie May Williams.

Song, "Father is Drinking Again"—Bernice DeLand.

Reading, Selected—Miss Webster.

Piano Solo—Miss Ralphie Wilson.

Song, Violin Accompaniment—Misses DeLand.

THE TEACHERS' EXAMINATION

A Large Number of Applicants, from Every Section of Florida.

The examination of applicants for State and other certificates required by the State Educational Department conducting the teachers' work in Florida, which has been held for the past three days in this city and in Tallahassee, has been continued for one day here, owing to the fact that the papers could not be finished in the required time.

Hon. W. M. Holloway, State superintendent, who has been conducting the examinations, stated Friday that it would be impossible to conclude the same, owing to the session of the State Normal, now being conducted. By special request of those taking examination, he has decided to extend the time until this evening. Today the study of botany will be taken up, as well as the conclusion of other studies.

Prof. Holloway seems well pleased with the examination, and compliments the applicants very highly.

Broyles' Body Recovered.

Culiman, Ga., July 20.—The body of W. H. Broyles, a member of the firm of Broyles, Fowler & Co., of Trimmier, Ala., was recovered Wednesday from Ryans creek. Mr. Broyles who was rowing in the creek several days ago, lost control of the boat, which dashed over the mill dam to the rocks below. The body never again rose until taken out.

Folk Favors Newspaper Advertising.

Jefferson City, Mo., July 19.—Governor Joseph W. Folk, in addressing the Retail Merchants of Missouri, at their session here, spoke against the mail order business and favored advertising in the town papers.

Foresight.

Wisebiddie—I hear that you dictated to your new typine an impassioned love letter to another girl. Gildersleeve—Yes, it was a fictitious sweetheart. I wanted to nip in the bud any designs she might have on me in a matrimonial way.—London Mail.

Give Up.

When a burglar asks the conundrum, "What's the difference between a

DEATH OF OLD SLAVE.

Susan Berry, Old and Respected Colored Woman, Passed Away.

Susan Berry, about eighty years of age and one of the oldest and most highly respected colored women of this section, passed away at the home on Wednesday morning, and was buried on the day following.

"Aunt Susan," as she was familiarly known by both white and colored friends, was a wonder. She was a woman full of entertainment, and possessed many features which would furnish information and material for what is now known as the modern age. She was always ready to talk, and never made a remark that there was not some depth to, one way or another. She was regarded very highly by the younger element of the white people, who were accustomed to stop their teams or stand at the gate and talk to her for an hour or more at a time, because she was entertaining, and because she said a great many sensible things—not in the modern grammatical style, but in a style which proved impressive, and which as a rule reached the hearts of the people to whom she was talking.

"Never do nobody wrong," was one of Aunt Susan's imperative remarks. "Sometimes yer mi't git mad; sometimes yer mi't git awfully mixed up, but tak' er 'ole 'oman's advice, an' keep out er trouble, an' you'se always be right."

Aunt Susan was laid to rest on Thursday in a pleasant oak grove in the colored cemetery; but she will be remembered by her friends, white and colored, who will feel like calling, "Aunt Susan, come; I want to talk with you."

But Aunt Susan is now resting in her grave under the shade of the blackjack, and may she sleep well in that grave of peace, for her soul is in a better world.

Special Low Rates to Miami, Account 10th Anniversary Celebration.

The Atlantic Coast Line and Seaboard Air Line have joined with the Florida East Coast Railway in granting special low rates on account the Tenth Anniversary Celebration at Miami, July 25 6-7th, and rate from Gainesville will be $7.95 via Palatka, and $9.90 via Jacksonville; tickets to be sold July 23rd and 24th, with final limit July 30th. Everyone should take advantage of the extremely low rate to visit the "Magic City."

Store Wrecked by Dynamite.

Scranton, Pa., July 20.—Hollister, Bowman & Co.'s store at Avoca was badly damaged by dynamite Thursday. A family occupying rooms over the store were hurled from their beds.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

THE BREAKERS

THE BREAKERS is second to none in location and beach attractions. It is the ideal hotel for summer tourists. Situated upon a high bluff overlooking the ocean, and less than two hundred feet from the rolling surf, it combines the benefits of an ocean voyage with the pleasures of a shore resort. The rooms are large all outside, en suite and single with baths and thoroughly screened. The dining-room is on the ocean side and one of the most attractive rooms of the hotel. Electric lighting, telephone service and immediate connection with an up to date livery.

Bus will meet all trains.

In addition to The Breakers it has been possible to add the use of the Clarendon bath houses, bowling alley, pool tables, dancing pavilion and the famous Clarendon fishing pier. The table will maintain the high standard to which Mr. Holt pledges himself, wherever he assumes the management.

The remarkable record for healthfulness, especially for children, is a well established feature.

The proof of all is to join with the many who are booking for the season.

For rates and reservations apply to **BERT J. HOLT, Seabreeze, Fla.**

SUNBEAMS

A real friend is the first person who comes in when the whole world goes out. We are not so much in need of friends when the world laughs with us. But in those days he is not a friend who would not die with us when all others would forget and despise.

The difference between anarchy and Christianity is well described by a man, once an anarchist, appointed to assassinate the Prince of Wales, who afterwards became a devoted Christian. Often, in the social meeting, he would thus testify: "My brother, once my creed was this: 'Down with everything that's up,' but it has changed, and now I say, 'Up with everything that's down.'"

That was a wonderful feat performed in the Boston University School of Medicine. On the sightless eyes of one blind from three weeks old were turned Roentgen rays, by means of a special tube, conveying a current of 2,000,000 volts. He saw sufficiently to describe with accuracy many things passed before him. How the world stands in silent amazement wondering if the visionless gaze of the blind might yet be turned upon a world of beauty. And yet, for nineteen centuries the world has too coldly looked upon those rays whose shining is far above the brightness of the sun. Far greater—in that it gives sight to the blind, speech to the dumb, hearing to the deaf, and makes the lame to leap as an hart.

A young woman with some ambitions as a painter submitted specimens of her skill to a successful artist. "Don't copy copies," said he. "You have copied this landscape from a picture that was itself an imperfect copy, with the result that all its errors are reproduced and magnified. Go out in nature and paint directly from your own landscapes. Or, if you must copy, copy from a masterpiece." There's a tremendous lesson in this. After all, character is no more than the inwrought ideal with more or less perfection. We are copyists in an extreme sense. The breadth and beauty of human character is largely dependent on the ideal so constant before our vision.

A gentleman crossing the English Channel stood near the helmsman. It was a calm and pleasant evening—no one dreamed of danger. But the sudden flapping of a sail, as if the wind had shifted, caught the ear of the officer. He sprang at once to the wheel, and examined the compass closely. "You are a half-point off the course," he said to the man at the wheel. The correction was made and the officer returned to his post. "You must steer very accurately," said the traveler, "when only a half-point is so much though of." "Ah, half a point in many places may bring us directly upon the rocks," was the reply. Had you ever thought about it? Where you begin to diverge from a given line may form an angle so small as to be even not seen. But wait!—wait until you have gone far, far out upon your journey. And you find yourself far away from the original line. It's the diverging angle that means so much.

OLD-AGE PENSIONS.

Several weeks ago the British House of Commons adopted a resolution declaring that a measure for universal old-age pensions was imperatively needed. In France an old-age pension bill for workingmen is actually pending in Parliament. It has passed the chamber, and now that the general election has increased the majority of the parties in power the Senate is expected to take similar action on the bill, being, as it is, a prominent feature of the Republican radical-socialist platform and of the government's program for the year.

That the old-age pension movement is steadily growing is further indicated by reports which come almost simultaneously from Australia and Newfoundland. The Legislature of the latter colony, we learn, has, on the strength of a preliminary inquiry, adopted without a dissenting vote a resolution for the establishment of a general old-age pension system. Sir Robert Bond, the premier, estimates the annual cost of such a system at between $150,000 and $200,000—an amount he thinks that would not put an undue strain upon the finances and public resources of the little colony. A commission will elaborate the details of the scheme and decide upon what conditions, as to character and time of residence, pensions shall be granted.

The commonwealth of Australia appointed a royal commission some time ago to inquire into the subject of Federal old-age pension legislation. The constituent States of New South Wales and Victoria have such legislation in force—as has New Zealand, by the way—but the people are not satisfied with State provision.

The commission has made a unanimous report in favor of a system of pensions for the benefit of all reputable persons of the age of 65 (or of 60 if disabled), such pensions to be regarded "not as a charity but of a right." The cost of the Federal system is to be charged upon the general consolidated revenue. Every British white subject of the commonwealth is to receive $2.50 a week, unless he has other sources of income, in which case he is to get less or nothing at all. Those who are worth $1,150 or more are to be entitled to no payment from the public treasury. It is estimated that the proposed system will entail, for the present, an annual expense of $7,500,000.

COTTON SEED OIL.

During the discussion of the pure food bill in Congress it was pretty well established that about all the "pure olive oil" sold in this country is nothing but a highly refined oil of cotton seed. A provision was therefore inserted in the bill that hereafter this "refined olive oil" should pass under its own honest name of cotton seed. This was opposed on the ground that it would hurt one of the South's great industries; but Mr Slaydon of Texas very sensibly thought otherwise. Says the telegraph report:

"I cannot take that view," said Mr. Slaydon. "Cotton seed oil is an honest, wholesome product and has merit enough to stand on its own inherent worth. Certainly we ought not to foster the trade by telling lies about it. It should be sold for what it is, and if it is as good as we think it is, it will soon be established on a higher plane as a food production than it has ever had and will command a better price. But whether it is or not, I want to see square dealing in food and drink, and for more than 200,000 Texans I declare here and now that we want no trade based on dishonesty in weight, measure or quality."

Take Hall's Family Pills for constipation.

EVERYTHING.

While it neither adds to man's or woman's looks or comfort to be bald-headed, people so afflicted may be comforted by the statement just made by a high medical authority that baldness is more common among intellectual persons than among any others. It's of frequent occurrence among all who are subject to intense mental strain, and it may occur comparatively early. With the increase of civilization baldness has become more and more common, and one scientist goes so far as to say that since woman has developed broader and deeper intellectual interests she has lost so much of the strength and wealth of her "crowning glory." Baldness has become progressively more frequent in women in the last century or more.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

DeLand is to have a free mail delivery system after September 1st.

Not less than eight persons have been drowned near Jacksonville within the last week.

Manatee and St. Lucie are two more Florida counties in which prohibition elections will be held next month.

A crusade against loafers in Pensacola, both white and colored, is to be made, and it is expected that within ten days the city will be pretty clear of them or the jail full.

Robert Carson, a well known young white man of Fort Myers, was shot in the head and mortally wounded there late last Tuesday night by Newton Edwards, a half-witted white man.

A force of men are still digging for the supposed treasure chest buried on the old Moody estate in Jacksonville, near where the Atlantic Coast Line crosses McCoy's creek. Many believe that a chest containing thousands of Spanish doubloons was buried there.

Jas. Hopkins, the negro arrested Tuesday for giving a negro prisoner at Raspberry Park cocaine, was given a trial in the municipal court at Jacksonville Wednesday by Judge Dzialynski, and was sentenced to sixty days in jail. Hopkins stated that the woman asked him to purchase the drug for her.

The Governor has revoked the conditional pardon heretofore granted Peter Horn, a negro convicted in Gadsden county in March, 1898, of assault with intent to kill, and sentenced to serve five years. Horn was granted a conditional pardon in 1901, the conditions being that he should abstain from the use of intoxicating liquors and lead a peaceable, law-abiding life. He was arrested in Tallahassee on a charge of being drunk and disorderly, and has been returned to prison to complete his sentence.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

All Witnesses Examined.

Nashville, Tenn., July 20—When the United States circuit court met Tuesday morning, the foreman of the grand jury which has for some time been investigating the alleged tobacco trust, reported to Judge Lurton that all the witnesses summoned by the government had been examined. District Attorney Tillman stated that all the witnesses that the government desired to summon before he grand jury at this time had been examined, and he asked that the jnury be respited or discharged subject to a recall at any time between now and the next term of court.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

City Directory For Sale.

We have a number of copies of Harts' City Directory for sale at The Sun office. It is a handy reference book for business and professional men, giving the names of residents, with street and number. Price Reduced to $1.

MRS. LOUIS LACOMB.

SUFFERED FOR MONTHS.

Operation Advocated—Saved By Pe-ru-na.

Mrs. Louis Lacomb, Hayward, Wis., writes:

"I have followed your treatment as closely as I could and am now entirely well.

"We had two doctors and one said that I would have to have an operation performed before I could regain my health.

"We then decided to write you as to my condition, as I had been suffering nearly a year with severe pains and headaches at times so that I could scarcely stand up.

"Now I feel so well after a short treatment with your remedy, and am so grateful that I do not know how to express my thanks.

"I thank you many times for the kind advice I have had from you."

Write to Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, for free medical advice.

Died at Age of 125.

Atlanta, July 20—Harette Tate, a negress, who was born while the revolutionary war was still in progress, is dead at the age of 125 years at her home, 58 Griffin street. The aged woman was a contemporary of George Washington, Thomas Jefferson and the other founders of this country, and had a perfect recollection of the conditions prevailing at the time the treaty of peace between the United States and Great Britain was signed. She was living before this country had yet come into existence as a free government, and watched it pass safely through three wars and vicissitudes innumerable.

Abraham Lincoln

Was a man who, against all odds, attained the highest honor a man could get in the United States. Ballard's Horehound Syrup has attained a place never equalled by any other like remedy. It is a sure cure for coughs, colds, bronchitis, influenza and all pulmonary dieases. Every mother should keep supplied with this wonderful cough medicine. Sold by W. M. Johnson.

Steamer Is Scuttled

Richmond, Va., July 20—The handsome steamer Pokanoket, recently placed in commission by the Peters burg, Newport News and Norfolk company, sank at her wharf last night. A mutinous negro fireman was arrested today charged with having opened her sea cocks.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

Well Known Chemist Dead.

Kansas City, July 20—Dr. Thomas J. Eaton, one of the first chemists in this part of the country to furnish proof of murder by strychnine by analysis, died here Wednesday night.

Twenty-Year Battle.

"I was a loser in a twenty-year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve, which turned the tide by curing both, till not a trace remains," writes A. M. Bruce of Farmville, Va. Best for old ulcers, cuts, burns and wounds. 25c at all druggists.

EDITORS CLOSE SESSION.

Sandersville Captures Next Meeting. Bryan Is Invited to Georgia.

Hartwell, Ga., July 20—The twentieth session of the Weekly Press association has just closed. Walter Coleman, of Cedartown, over his protest, was re-elected president unanimously; James T. McGill, of the Hartwell Sun vice president; W. A. Shackleford, of Lexington, secretary and B. T. Mosely, of Danielsville, treasurer. Sandersville won the next meeting.

Mrs. James Longstreet assisted by Hon. Ben Perry, of Canton, fought bravely for Gainesville, but lost. The fact that Gainesville had it twice previously could not be overcome. W. A. Brooks and Alf Herrington favored Sandersville.

The party was entertained by L. C. Brown, proprietor of Franklin Springs hotel, at a lavish barbecue and left Wednesday morning for Asheville. Invitations to atend Jamestown and Atlanta expositions were accepted.

The convention invited Hon. W. J. Bryan to Georgia this fall.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free.

Lumber Plant Is Burned.

Mobile, Ala., July 20—The big new mill of the American Lumber company, A. J. Spencer, president, has been destroyed by fire with considerable lumber entailing a loss of $75,000.

Robbery on Shipboard.

New Orleans, La., July 20—Two cabin men on the steamer Excelsior were arrested charged with robbery upon the steamer's arrival here from Havana.

A Hard Lot

Of troubles to contend with spring from a torpid liver and blockaded bowels, unless you awaken them to their proper action with Dr. King's New Life Pills, the pleasantest and most effective cure for constipation. They prevent appendicitis and tone up the system. 25c at all drug stores.

Heating and Ventilating Engineers.

Chicago, July 20—The annual meeting of the Society of Heating and Ventilating Engineers opened here on Thursday with 300 members in attendance.

THE REAL TEST

Of Herpicide Is in Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do the work which it is intended to do. Many hair vigors may look nice and smell nice but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

TELEGRAPHIC NEWS.

Big Strike Planned.

New York, July 20.—Labor Committees were abroad Wednesday planning a strike of 50,000 workmen in building trades in sympathy with the 1,500 plumbers who are now on strike. If a vote which is now in progress in various building trades favors the rational action, one hundred thousand men may become involved in a general building strike against shop conditions. Members of a special committee of the unions, who went about the city Wednesday, said they had induced trades employers to discharge members of the Plumbers' Local No. 480 formed by the employers to oppose local No. 2.

Foreign Commerce of the U. S.

Washington, July 20.—A statement issued by the department of commerce and labor says the foreign commerce of the United States in the fiscal year just ended, aggregated $2,970,000,000. If the trade with Porto Rico and Hawaii, which was included in our foreign commerce prior to their annexation were added, the total would materially exceed three billion dollars. Both imports and exports exceed those of any earlier year. The total imports were $1,226,000,000 and the exports $1,744,000,000.

Photographers Elect Officers.

Louisville, Ky., July 20.—The Association of Tennessee and Kentucky Photographers has elected the following officers: President, J. Creiger, of Louisville; first vice president, A. J. Thuss, of Nashville; second vice president, Mrs. Ethel O. Standiford, of Louisville; secretary, Ed L. Corbitt, of Nashville; treasurer, E. L. Mudge, of Chattanooga. The next convention of the association will be held in Nashville on a date to be decided upon later.

Want Heavy Tax for Trading Stamps.

Jefferson City, Mo., July 20.—The Missouri Retail Merchants' association at its annual convention here, adopted resolutions instructing its legislative committee to bring before the legislature a bill to tax trading stamp concerns $5,000 a year, asking the legislature to enact a pure food law, and asking for a repeal of the law imposing a tax of ten cents a pound on oleomargarine.

The Smile

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

Franchise Is Granted.

San Salvador, July 20.—The government of Salvador has notified J. M. Neeland, vice president and general manager of the Pan-American road, who habs been here for some days, that Salvador will grant him a franchise on the same condition as those granted by Mexico. The Red Cross hospital established here during the war has been conducted very successfully.

Woman Dies of Injuries.

Boston, July 20.—Mrs. J. Samuel Piza, wife of a New York business man, who jumped from a window on the sixth floor of the hotel Touraine Wednesday night, died Thursday from the effects of her injuries.

Held for Misusing Mails.

Meridian, Miss., July 20—Harrison, single, and W. Hal Jones, married, night mailing clerks in the local postoffice, were held to the grand jury for mailing alleged scurrilous matter to Rev. W. C. Culpepper, a Whynot (Mississippi) clergyman. It is alleged the actions of the clerks was in retaliation for a report said to have emanated from the clergyman.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation, as it stimulates the liver and restores the natural action of the bowels, without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name ORINO and refuse substitutes. J. W. McCollum & Co.

TRICKS OF ORATORY

DEVICES USED BY NOTED SPEAKERS TO GAIN A POINT.

The Effect Demosthenes Attained by Mispronouncing His Words—The Trap Into Which the Eloquent Curran Drew a Witness.

One wonders of Demosthenes whether he ever in after years resumed of set purpose that habit of stammering which he had taken such heroic means to eradicate. A stammer is a most effective trick sometimes, and we know that Alcibiades found his lisp by no means the least useful of his many winning ways. The trick in oratory combines both the conventional meanings of the word. It is sometimes a habit, sometimes a will, sometimes both.

Addison tells a capital story of a trick in forensic oratory. At Westminster hall "there was a counselor who never pleaded without a piece of packthread in his hand, which he used to twist about a thumb or finger all the while he was speaking. The wags of those days called it 'the thread of his discourse,' for he was not able to utter a word without it," as a foolish client proved once to his own cost, for he stole the thread, and his advocate came to utter grief.

Another clever sort of trick, the "taking dodge," to borrow a phrase from the vernacular, is the more generally interesting. The classic instance which naturally occurs to every one is Burke's famous "dagger scene" in the house of commons when he emphasized his peroration regarding the reign of terror in France by dramatically throwing a dagger on the floor of the house as an example of the methods of the apostles of liberty, equality and fraternity.

One of the tricks credited to Sheridan was very much on the lines of a famous "score" of classic times. A member whose admiration for the brilliant statesman was not tempered with discretion greatly annoyed Sheridan by continually ejaculating, "Hear, hear!" without rhyme or reason. Sheridan determined to give him a lesson. At the close of one of his speeches, denunciatory of some individual, he used the words, "Where shall we find a more foolish knave or a more knavish fool than he?"

"Hear, hear!" came as usual from the troublesome enthusiast. Sheridan bowed, thanked him for so obligingly supplying the required information and resumed his seat.

And long centuries before Demosthenes, inveighing against an opponent who was suspected of receiving subsidies from the court of Persia, passionately asked the crowded audience, "Is he not Misthotos—a hireling?" But as though inadvertently he mispronounced the words so obviously that the audience shouted out corrections from all points—"Misthotos! Misthotos!" the effect of which was to make the citizens themselves apply the opprobrious epithet.

Not very dissimilar in character is one of the many tricks attributed to Curran. He was engaged on a case wherein the principal witness on the other side was a gentleman of position whose evidence, if accepted, would be conclusive. In his opening speech Curran inveighed with all the bitterness and eloquence in his power against the chief witness for the other side, but without actually mentioning his name. When the time came for the witness—a Mr. Leger—to be sworn Curran interposed in the blandest way that this was surely a needless formality. Mr. Leger's character was such that he felt sure the jury would accept his simple assertion. The unfortunate man fell into the trap. "I am glad, Mr. Curran, you have a better opinion of me now than when you first spoke." "You admit, then, sir, that, though I named no names, you recognized my description as applying to yourself?" Another of Curran's oratorical tricks not unlike one Sheridan perpetrated in the house. In this case the last speaker, it will be remembered, had wound up his speech with a classical quotation, which, to judge from the plaudits it received, made a most effective point. Sheridan in his reply remitted the honorable member had not completed the quotation. He would do it himself, and the house would then see how fatal to the contention of the honorable member was the authority he had cited, whereupon Sheridan with magnificent dramatic effect recited a nonsensical piece of gibberish? And the house applauded vigorously.

Curran's trick was at the expense of a preternaturally stupid jury. The case happened to be a consummate classical scholar and, knowing Curran as the same, was naturally astounded at hearing him quote a piece of Latin coming from the Phantasmagoria of the historian Hesiod! "You mean the poet, Mr. Curran. Hesiod was a poet, a poet and not a historian, and not whether he ever wrote a work called the Phantasmagoria. The lines are Ennii's." "Hesiod, my lord, I assure you, and Greek, not Latin." "You must be out of your senses. Mr. Curran, or think I am out of mine. The lines are Latin." "Well, my lord, I can only suggest that we leave it as an issue for the jury, and I'll be bound they will find it—Greek." The trick was perfectly effectual.—London Globe.

A Chesterfield Retort.

When Lord Chesterfield was in his last illness and his death was only a matter of a few weeks, his physician advised him to go for an easy drive in his carriage, and he went out. As the equipage was proceeding slowly along it was met by a lady, who remarked pleasantly to the great invalid, "Ah, my lord, I am glad to see you able to drive out!" "I am not driving out, madam," answered Chesterfield, "I am simply rehearsing my funeral."

All careful women use

HERBINE

TRADE MARK

Woman who suffer from severe headaches, and all diseases due to a torpid liver, should not fill their stomach with calomel and other drugs.

HERBINE QUICKLY CURES

Keeping constantly at it is the key to successful advertising.

You cannot spurt much and win. A business career that goes by fits and starts will not pay so well in the long run as a business that follows a course mapped out for it and keeps increasing its advertising as the business demands it until the maximum is reached. There is a maximum for a small business beyond which it is not economy or policy to go.—Brookline Chronicle.

Our columns furnish the key to successful advertising in this community.

He is now engaged in the wholesale grocery business, and his friends throughout this section will be glad to learn that he is prospering.

READ THIS.

Dyersburg, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: One bottle of your Texas Wonder, Hall's Great Discovery, has cured me of kidney trouble and lame back, and I can cheefully recommend it.

Yours truly,
JACK MOORE, Merchant.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

MEETING SCHOOL BOARD.

Special Meeting Was Held for the Purpose of Selecting Teachers.

A special or adjourned meeting of the school board was held Friday, the purpose being for selecting of teachers for the ensuing term.

The applications were read carefully and considered, and many were employed. There were many more, however, whose applications were referred for future reference.

Alachua county needs many teachers the coming term, but Dr. Kelley is determined that no one but the proper parties shall be retained. He is determined that the teachers of Alachua county shall be what he desires in the matter of efficiency.

B. J. Potter of Ocala returned to his home yesterday, after a couple of days spent in this city. Mr. Potter was formerly connected with the Union Phosphate Company of Tioga, and used to make his headquarters there, going home once a week. He has relinquished that position, however, and his friends now miss his pleasant association and smiling countenance every Saturday in the lobby of the Brown House, where he waited for his dinner and entertained those about him in the meantime. Mr. Potter is one of the best fellows in Florida, and his friends were delighted to meet him here again, after so long an absence.

Odds and ends of five stock patterns of crockery. Some very useful pieces of crockery are going at this sale. You can buy small sugar bowls and cream pitchers for the small sum of eight cents; iron stone vegetable dishes only 42 cents. Other pieces too numerous to mention are going at the same kind of prices. A full show case of fancy cups and saucers, tooth pick stands, and other small china. Ask for Mr. Saunders or Mr. Earle to show you this crockery. They have beautiful cake and bread plates for sale also. This is no fake sale. Saunders & Earle.

J. B. Cutler, superintendent of the Gainesville & Gulf Railway, and one of the most widely known railroad men in the State, has returned from Fairfield and other points, where he has been on business connected with the road.

Wanted—Bids for clearing stumps from sixty acres, on University grounds, Gainesville, old field lying to south of main building. Address Experiment Station, Lake City.
